Your PSERS Form 1099-R Will Be Delivered Electronically

December 28, 2023

The Public School Employees' Retirement System (PSERS) will generate the annual *Form 1099-R* by January 31, 2024. Because you are enrolled in paperless delivery, you will receive an email from PSERS notifying you when your *Form 1099-R* is available in your Member Self-Service (MSS) account. This also means that you will have access to your *Form 1099-R* before your peers who do not have paperless delivery and must wait for their documents to be printed and processed through the U.S. Postal Service.

While you are in your MSS account, remember to make sure your address and any other pertinent information is up to date. If you have any trouble accessing your *Form 1099-R* or your MSS account, please refer to the [PSERS 1099-R Troubleshooting Guide](#) and [Frequently Asked Questions](#).

We thank you for being environmentally friendly and for helping PSERS operate more cost efficiently.

*Note: With paperless delivery, you will not receive a copy of your *Form 1099-R* in the mail. If you would like to receive your documents via U.S. mail, you may log into your MSS account to change your paperless settings.*
